Texas

Dear Mr. Carter:

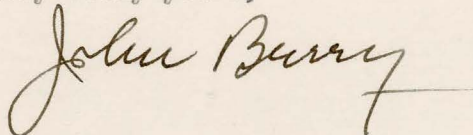

Belatedly, but most sincerely, I want to express my appreciation for the many courtesies extended to Mrs. Berry and myself during the meeting of the Airports Advisory Committee.

I want to also express my pleasure at being associated with you at these sessions.

My best wishes for the success of the Amon G. Carter Airport, which I believe to be one of the outstanding airports of the world, as in my thirty years in this silly business, I have never seen better planning, both for the landing area and for the Terminal Building.

My congratulations to you!

Very truly yours,

John Berry
COMMISSIONER OF AIRPORTS
