

# TRADERS OIL MILL COMPANY

MANUFACTURERS OF THE PRODUCTS OF

## COTTON SEED

FORT WORTH, TEXAS

January 4, 1941

T. J. HARRELL  
PRESIDENT AND  
GENERAL MANAGER

Mr. Amon Carter,  
Fort Worth,  
Texas.

Dear Mr. Carter:

This morning's Star-Telegram and the evening papers carried notice of an assembly factory for Fort Worth, in which are involved a large investment and yet a still larger annual payroll.

I also have read your statement with reference to the efforts of the people to land this for Fort Worth, which I think is very fine on your part, and I know that these people were of great assistance to you; yet, on the other hand, I knew while serving the City of the work you did in connection with this identical project and, knowing this, I want to add my appreciation to that of your other fellow citizens, of the work that you, personally, did in this connection, and to say that I do personally appreciate, not only what you have done for Fort Worth in this instance, but what you have been doing for many many years for this town, as well.

With kindest personal regards,

Sincerely yours,

TJH  
w.
