

April 30, 1941.

Mr. Greer Cottingham,
517 N. Haskell Street,
Dallas, Texas.

Dear Mr. Cottingham:

Your letter of April 23,
expressing the desire to secure employment with
the Bomber Plant at Fort Worth as a guard has
been received during Mr. Carter's absence from
the city.

Inasmuch as it will probably
be several months before the Consolidated Aircraft
Corporation will be operating, I wonder if you did
not mean that you desired to secure employment
with the Austin Construction Company, contractors
on the job. If this is true, while Mr. Carter is
not personally acquainted with the personnel of
that organization, it is always a pleasure for him
to help people find employment and I feel certain
that he will be glad to forward your letter to the
Austin Construction Company when he returns to the
city.

Thanking you for your reply,

Sincerely,

Secretary to Mr. Carter
