Mr. Web Maddox, President
Fort Worth Chamber of Commerce
Fort Worth, Texas

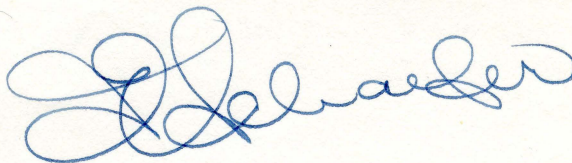

Dear Mr. Maddox:

You, the Fort Worth Chamber of Commerce and your staff did an outstanding job in honoring the Lucky Lady crew for their global flight that started and ended in your fair city.

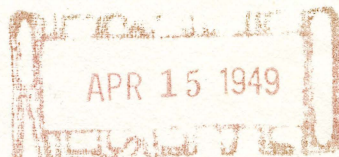

I was particularly pleased to represent the Boeing Company at this beautiful and entertaining ceremony. The crew members to whom I talked afterwards were loud in their praise of your efforts, the honors you bestowed on them, and may I add, the Boeing B-50 that brought them through with such flying colors. Mr. Carter, as he always does, endeared himself to everyone and with your help, won to Fort Worth the hearts of the crew members and their wives.

It really was a grand experience all around, and on behalf of my Company I want you to know that we greatly appreciate the recognition you gave us and our products.

Sincerely and appreciatively yours,

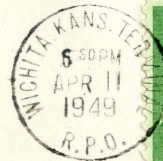

JESchaefer:vl
