

My dear Mr. Carter -

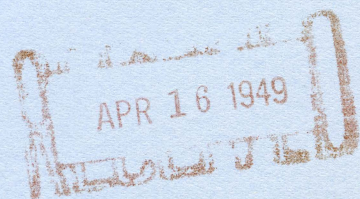

We greatly enjoyed the party for the Lucky Lady fliers. It was a wonderful occasion and I do so thank you for having us at your cocktail party and then the dinner. By the way, wasn't that Hotel Texas food good? I heard so many favorable comments.

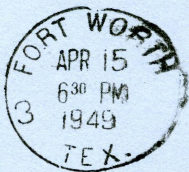

I also want to thank you for the wonderful pension plan inaugurated by you and your associates. It is such a generous thing

for you to do. Security means so much
and this will enable us to face the future
and our older years with greater confidence
and hope and peace. Thank you
very much.

Sincerely
Alabee B. Rivers
