Dear Amon:

Thanks for remembering me with four front page tear sheets of the Star-Telegram in connection with the Fort Worth to Fort Worth around the world flight of the B-50 bomber, and a copy of the dinner program honoring the Air Force fliers.

The Star-Telegram did a fine job in covering the epochal event and your Chamber of Commerce deserves salutations for sponsoring the first non-stop flight of the globe in cooperation with the Department of National Defense.

It was a splendid tribute to the fine type of fliers and planes we have and gives encouraging assurance to the power of national defense we are creating.

They picked the right toastmaster and I bet you were good.

Best regards,

Sincerely,

Mr. Amon G. Carter
