Dear Mr. Carter:

It was very kind of you to send me the newspaper stories together with the brochure pertaining to the first non-stop flight around the world of the B-50 bomber "Lucky Lady II".

Fort Worth has a place in the sun in aviation. The Fort Worth made B-36, although landing at will in the Fort Worth area, cannot land at LaGuardia, Newark or Teterboro Airports because the big city of New York has never provided the facilities at these flying fields to handle such an airplane.

Congratulations to you and Fort Worth.

Sincerely yours,

H. A. Hassan
