Mr. Amon G. Carter
Fort Worth, Texas

Dear Amon:

I happened last night to uncover on my reading desk at the farm, the brochure that you were good enough to send me about the complimentary dinner that you ran back in April, in honor of the crew members of the Lucky Lady II; also the clippings from your newspaper.

Evidently they were lucky enough not only to get back but also to land in your lap at Fort Worth. Much obliged to you for keeping me on the list of those whom you keep informed on doings in Fort Worth. I hope I shall also be lucky enough, some one of these days, not only to land at Fort Worth but also in your lap.

With best regards,

Yours sincerely,
