Messrs. Robbins & Kelley:

Zeke Handler informed me that he had a contract with you boys for all theoretical appearance after you land, but I understand through Henry that such is not the case. May I suggest this plan, that as soon as you land, either Mr. Schlinker or myself will get in touch with you and I know we can arrange for you to play, six or eight weeks with the Interstate Circuit at a salary that will be exceptable to you both.

I would be perfectly willing to frame and stage the act, at our Majestic Theatre, here in Ft. Worth, but I want to impress this on your thought, that we must, hit while the iron is hot, otherwise an act of this sort will lose the box office value. Sign contracts with no one, as far as your theoretical appearances are concerned, until you have seen some one representing the Interstate Amusement Company, as we are the only ones on the ground, that can act fast. Congratulations and good luck.
