Mr. Amon G. Carter
Fort Worth, Texas

Dear Amon:

I was very sorry indeed I could not attend the groundbreaking ceremonies for the construction of the Amon G. Carter Terminal Building at the Greater Fort Worth International Airport. The notice came to me late, and I had some out of town friends visiting me and just couldn't change the engagement.

You have done so much for Fort Worth I think it most appropriate that the Terminal Building was named in your honor, and I hope that throughout the years it will bring credit and glory to you and the City of Fort Worth.

Warmest personal regards and all good wishes.

Sincerely yours,

Fred F. Florence
