

TO THE HONORABLE CITY COUNCIL

CITY OF FORT WORTH

A PETITION

Amon G. Carter brought the first aviation to Fort Worth and for forty years he has tirelessly and unselfishly devoted his boundless energy, and his own money to the purpose of building here a great aviation center. His exceptional effort has brought to Fort Worth a cash flow of several billion dollars for payrolls, materiel and supplies and it has brought more than twenty thousand happy and prosperous neighbors to our midst.

For eight long years Amon G. Carter has led the program to build our great international air terminal that within a few months will give Fort Worth one of the finest airport facilities in the world and will guarantee the public convenience and adequate airline service for North Texas.

Amon G. Carter is father of The Greater Fort Worth International Airport and the undersigned citizens of this air minded City respectfully petition the Honorable City Council of Fort Worth to give the air field and the Administration Building his name in honor of his unselfish service and to so designate and dedicate those facilities at the ground breaking ceremonies which will herald the beginning of construction on the Administration Building late in June this year.
