Mr. Amon G. Carter,
The Star-Telegram,

Dear Amon:

A recent news dispatch announcing that you had received the Air Force Exceptional Service Award for your "constant advocacy" of development of military and civil aviation met with the hearty approval of all your friends here. It is a well deserved honor conferred on one whose untiring efforts have been consistently devoted and rewarded with results.

Some of these days I am coming to Fort Worth, and I hope to have a visit with you then.

Sincerely,
