

American Association of Airport Executives

FOUNDED 1928

P. O. Box 718

Waterloo, Iowa

Mr. Amon G. Carter, Publisher
Fort Worth Star Telegram
Fort Worth, Texas

Dear Mr. Carter:

Bill Fuller has undoubtedly advised you that the Board of Directors of the American Association of Airport Executives, at their meeting in Minneapolis which was just concluded, voted unanimously to accept the kind invitation to hold their next annual meeting in Fort Worth.

The Association elected me as their President for the coming year, and I advised Bill Fuller that I would be happy to come to Fort Worth in the near future, whenever convenient for you, to sit down and go over the preliminary plans for next years meeting and appoint the necessary committees.

We would appreciate it very much if you would serve on the committee with Bill Fuller, Maury Hoffman, Ed Travis and Bill Brown.

We think the idea of having our meeting there to coincide with the dedication of your new air terminal would indeed be a splendid idea.

I think, however, that we should start laying our plans for next years meeting in the very near future. I will anticipate hearing from you at your convenience.

Cordially,

Walter E. Betsworth, President
AMERICAN ASSOCIATION OF AIRPORT EXECUTIVES
