Mr. Amon Carter, President  
Fort Worth Star-Telegram  
Fort Worth, Texas

Dear Mr. Carter:

I want to tell you how much I enjoyed having you over to our luncheon at the Texas Hotel last Friday. As President of the Early Birds it gave me a great deal of satisfaction to hear you reminisce regarding the early days in aviation, particularly the visit of the Moisant International Aviators to Fort Worth, Texas. Charlie Hamilton and Rene Simon were two of the first men I ever saw fly, and I learned to fly soon after seeing their performances.

You have done a marvelous job with the Midway Airport and the people in the Fort Worth-Dallas area will forever be in your debt.

Needless to say, I appreciate the hat which you gave me and will always think of you when I wear it.

Sincere good wishes.

Very truly yours,

  
WILL D. PARKER
