

UNITED STATES CAST IRON PIPE AND FOUNDRY COMPANY
617 Magnolia Building
Dallas, Texas

February 25, 1926.

Personal.

Mr. Amon G. Carter,
c/o Fort Worth Star-Telegram,
Fort Worth, Texas.

Dear Sir:

We appreciate your quick wire to the Mayor of Port Arthur regarding French Pipe and it has a wonderful effect in sustaining him in his desire for American product. The influence on men like Mayor of moulders of public opinion like yourself is far greater than technical advise on the product itself, and your advise was highly appreciated.

We would not have solicited this favor only the Mayor, in a spirit of hospitality perhaps, suggested to the French representative that wire advises from satisfied users would be appropriate, and we were willing to match your opinion against them.

We are glad to report having receive the award, and as all they had to do in this case was, step off the boat with their material, the result may discourage them from future efforts in this territory.

Yours very truly,

United States Cast Iron Pipe and
Foundry Company,
T. W. Hanlon, Southwestern Sales
Agent
