Memo to Mr. Amon G. Carter

Dear Mr. Carter,

With reference to the two lots, unmarked or uncolored on the plat I gave you, I have this communication from Fred Conn of Denison:

"Please tell Mr. Carter I hadn't done anything about Lot 14 of Block 7 and Lot 3 of Block 10 because they belong to the Katy--as well as partial parts of two other lots--and I have received assurance from them of complete cooperation. I doubt if we will want to try to buy that property on account of red tape involved in releasing railroad property from bonded indebtedness but thought we could work out a suitable deal for a 99 year lease or something. Would be glad for Mr. Carter to take it up with Don Fraser or I will do it myself as I know him pretty well. I have talked to Ritchey Cring about this. He is in charge of public relations and assistant to Mr. Fraser".....

Sincerely yours,

Web Maddox
