

March 4, 1948.

Major Robert L. Schulz
Aide to General Eisenhower
War Department
Office of the Chief of Staff
Washington 25, D. C.

Dear General Schulz:

Thank you for returning the autographed pictures which were sent to you in February, and I want to apologize and explain the delay in sending sets to General Eisenhower. In reality I thought they had been sent to him long ago. However, Mr. Carter was in a turmoil with his usual Christmas activities immediately following your visit here and then on Sunday after New Years was taken ill. In the meantime the writer has been out of the office on several occasions because of illness and things have stacked up until none of us know where we are.

In any event two complete sets of all pictures taken by the Star-Telegram staff photographer are being sent to you herewith and I hope that some of them will please General Eisenhower.

Thank you for your courtesies,
and with best wishes,

Yours very truly,

KD:mm

Secretary to A. G. Carter
