GENERAL DWIGHT D. EISENHOWER

December 15, 1949

MAJOR GENERAL ROGER M. RAMEY

TO Maj. Gen. Roger M. Ramey, the Chamber of Commerce 1949 Award for Distinguished Service: ". . . As Commanding General, the 8th Air Force, General Ramey has supervised a course of training . . . which has made the B-36, manufactured only in Fort Worth, one of our primary instruments in maintaining peace.

"His insistence that the famous-round-the-world flight of Lucky Lady II originate and return to Fort Worth resulted in world-wide datelines and tremendous favorable publicity for our city.

"In the emergency resulting from the devastating floods of the spring of 1949, General Ramey, with characteristic swiftness and understanding, put all available resources of his command at the work of rescue and was thus directly responsible for the saving of many lives.

"With generosity and hospitality he has helped to entertain many distinguished visitors to Fort Worth and has made many occasions memorable as a speaker on matters of local and national interest and importance."
