Eisenhower Says Military Budget Needs Several 100 Millions More

Senate Votes To Bar FPC On Gas Rates

BIDDERS WANTED—Discussing Air Force procurement Wednesday after a meeting of the manufacturers' committee of the Chamber of Commerce at the Convair plant were, left to right, D. C. Burrows, Maj. Jack Rogers, J. Clyde Jones and C. D. Williamson.

CONVAIR PAYROLL TO STAY FOR YEARS, DECLARES AIDE

The $50,000,000 annual payroll of the Convair plant here will remain "stable for years to come" more than 100 members of the manufacturers' committee of the Chamber of Commerce were assured Wednesday by C. Burrows, assistant division manager of the plant.

Committee members and guests attended a luncheon in the plant cafeteria and toured the 33 assembly line.

A previous company announcement meant that conversion of B-36B bombers to B-36D models would henceforth be accomplished at the San Diego division of Consolidated Vultee Aircraft Corporation, did not mean the Fort Worth plant will suffer, Burrows said.

"Although our facility here is the largest integrated aircraft plant in the world," Burrows said, "we just ran out of room here." He pointed out that the Fort Worth plant is the site of the B-36 manufacturing program and the San Diego division of the plant.

"Employment at the Fort Worth division will remain stable, although there may be some ad- justments in pay, in the next few months due to expanded operations later," he said.

He reported that Convair's annual payroll of $50,000,000, or $5,000,000 more than last year, is made up of a select group of employees, "the men whom they say hamper their operations.

The figures were tabulated at a meeting of the manufacturers' committee last year by a vote of 100 to 0.

Named as to work out differences with the House were Senators Edwin C. Johnson of Colorado, McFadden of Alaska, and McFarland of Arizona.

"We just ran out of room here," Burrows said.

Stab Wound Fatal to Man
MORE ABOUT EISENHOWER

Continued From Page 1.

"Ike" did not say how much additional money should be made available for each of the fields where he felt that disarmament had gone too far.

Eisenhower d e c l i n e d , on grounds of military security, to discuss in public session any specific means of improving the intelligence service. He advised the subcommittee to obtain the views of the armed forces and the central intelligence agency.

In planning a level of defense that can be maintained for an indefinite period, since "we do not believe that war is imminent," intelligence must be depended upon "more than anything else," he maintained.

The general gave great emphasis, also, to the need for adequate industrial mobilization plans as a means of assuring the country's ability to defend itself adequately. He recommended "earnest attention" to the question.

Norton Physician For 45 Years Dies

BALLINGER, March 29. — Dr. W. W. Mitchell, 76, Norton physician for 45 years, died at 8:15 a.m. Wednesday. He retired five years ago.

Services will be held at 2 p.m. Thursday from Newby-Davis Chapel in Ballinger.

Acts AT ONCE to relieve NIGHT CROUPY COUGHING
(CAUSED BY COLDS)

For years thousands of Doctors prescribed PERTUSSIN. It acts at once not only to relieve coughing due to colds but also "loosens up" phlegm and makes it easier to raise.

PERTUSSIN is safe for both old and young. Pleasant tasting.
