New Effort For Opening Danube Is On

Marshall Reveals U. S. Trying to Break Barrier To Free Flow of Trade

WASHINGTON, May 26 (AP).—Secretary of State Marshall revealed Wednesday the beginning of a new effort to open Europe's important Danube River to unhindered navigation.

The U. S. hope is to break down a major barrier to the free flow of trade between Eastern and Western Europe by getting Russia and its satellite countries to agree to unrestricted Danube shipping.

Conference Proposed.

Marshall announced at a news conference that the United States had proposed a Danube conference of the Big Four powers plus Central and Eastern European nations. It would be held in Belgrade, Yugoslavia, beginning July 30.

The meeting, if the Russian bloc countries accept, could provide a test of the Soviet government's expressed desire for better relations with the United States.

In another statement, Marshall reported that Big Four negotiations on an Austrian independence treaty in London have been temporarily suspended. He blamed Soviet "delaying tactics" for this latest failure of the big powers to agree on a pact, which would end the occupation of Austria and restore its freedom.

Basic Issue.

American officials said the question of free navigation of the Danube is one of the basic issues in European recovery. The river is the continent's great traffic channel.

They also said that it provides a direct clash between Soviet interests and those of the United States and the Western European democracies.

Already, the Russians are reported to have set up companies jointly with Yugoslavia, Romania

Arabs Give U. N. 48 Hours To Offer New Peace Plan

BY PAUL R. ALLERUP.

International News Service Writer.
LAKE SUCCESS, N. Y., May 26.—The 1 p. m. Wednesday United Nations deadline for an end to fighting in Palestine has come and is long gone—and the fighting goes on in the Holy Land

in greater ferocity than ever.

Not until more than five hours after the so-called "deadline" did the Arab League start making its answer to the security council at Lake Success.

And then the answer not only was a rejection of the ceasefire request, but was in essence a challenge to the security council to find a solution, within 48 hours, that the Arab leaders would accept.

It was a moment in United Nations history when an explosion might have been expected.

Ray Attack Trial Transferred To Corsicana District Court

Case Too Widely Known In Tarrant, Judge Rules

William Ruthes Ray, confessed attacker of a 9-year-old girl, will be tried in Corsicana.

Criminal District Court Judge McGregor completed arrangements by telephone late Wednesday afternoon to transfer the trial to the 13th District Court of Navarro County.

"I have worked out plans with Judge A. P. Mays of that court to conduct the trial," McGregor announced.

McGregor earlier had ordered the change of venue on grounds too many Tarrant County citizens are familiar with the case and it was believed Ray could not be given a fair and impartial trial here.

The jurist said he would enter an order Thursday morning transferring the case to Corsicana. Clerk of the court then will send all papers to the new site, after which Judge Mays will set the date for the trial.

District Attorney Clyde said he would talk with Judge Mays by telephone Thursday morning with the hope of having the trial set for June 21. Judge Mays previously had indicated to McGregor that any time suitable to all parties could be arranged.

Principal effect of the change of venue will be the fact that Navarro County residents, who generally are not familiar with the case, will serve as jurors. Clyde will continue as prosecutor.

The change was ordered after only 44 of 211 special veniremen questioned expressed the opinion they could give Ray a fair and impartial trial. The transfer had been requested by Defense Counsel H. S. Beard of Waco.

Be Moved Immediately.
Ray may be moved immediately to an undisclosed jail. Sheriff Sullivan

three Fort Worth lawyers as counsel for defense.

Judge McGregor pronounced Byron Matthews, Paul McClung and Jack Ray relieved of court-appointed defense burden at 4:30 p. m.

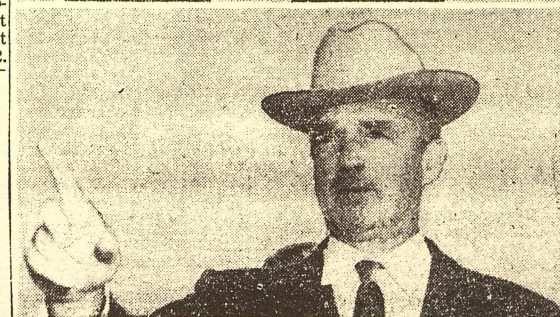

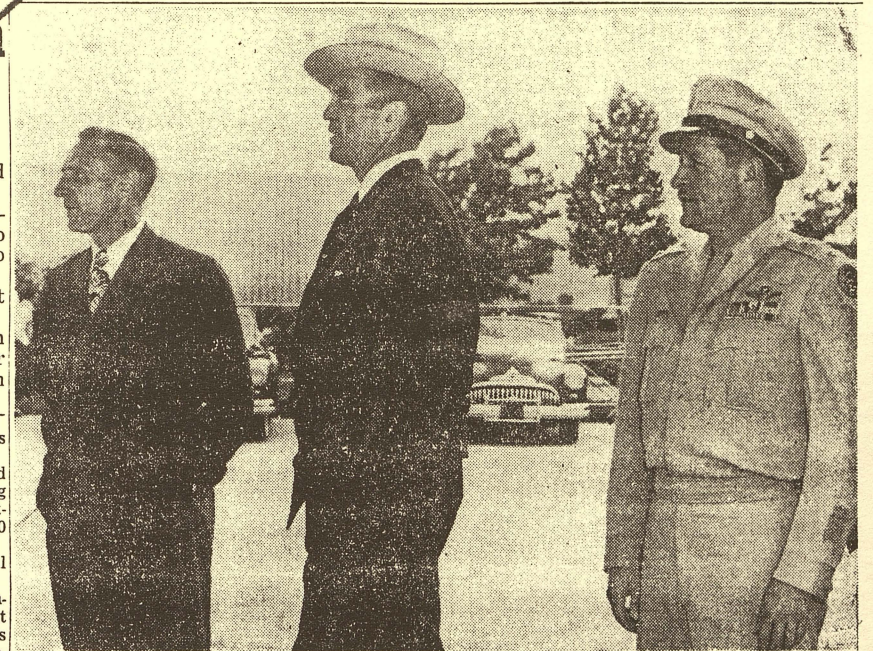

In pronouncing their dismissal he commented:

"I appreciate your duties under appointment as attorneys at this bar. I'm sure you see it was your duty to respond to this appointment. If attorneys did not respond to such appointment it

Additional Light Rain Is Forecast

(Where it rained on Page 17.)

More light rain is forecast for
Fort Worth Thursday to add to
the 1.86 inches of moisture re-
ceived here during the past two
days. Skies were overcast here
all day Wednesday, but only .03
of rain was recorded.

Rains were reported Wednesday
in central West Texas, extending
from the cap rock of the North
Plains through Abilene into the
San Angelo area.

Lake Nasworthy at San An-
gelo, it was predicted, will be
filled for the first time in more
than a year as waters pour into
it from the Concho Rivers, Dove
and Spring Creeks.

The Colorado River was up 4
to 5 feet at Ballinger, and the
tributaries of the river were over-
flowing.

Arch Benge Ranch between
Midland and Rankin, has received
8.50 inches in the last two nights.

Throckmorton ranchers were
gleeful Wednesday night when a
rain gauge showed that four
inches had fallen there in the
previous 24 hours. The recent
moisture brought the total since
Sunday to about seven inches.

QUICK TAKEOFF—Watching a B-36 Superbomber
get off the runway in less than 4,000 feet are, left to
right, R. G. Mayer, Convair division manager; Secre-
tary for Air Stuart Symington; and Maj. Gen. Roger
M. Ramey, 8th Air Force commander. Lower photo,
Symington points as the big ship's quick braking action
by reversing its propellers is demonstrated.

Symington, Carswell Base Visitor, Pleased With B-36

The top boss of the Air Force
gave the B-36 Superbomber his
official blessing Wednesday.

Secretary for Air Stuart Sym-
ington spent two hours at the
Consolidated Vultee plant in the
afternoon and gave his verdict:
"I'm very much impressed by
the performance reports on this
ship's range, speed and altitude
and load-carrying capacity. It's
what we would need if we had
to go to war tomorrow against a
land-locked enemy that could
not be reached quickly by armies
or seagoing vessels."

Visit Lasts Two Hours.

The plane carrying the tall,
blond, youthful-looking secre-
tary landed on the Convair run-
way opposite Carswell Air Force
Base at 3:30 p. m. Symington
took off in an Air Transport Com-
mand C-54 transport at 5:30 p. m.

he was emphatic in saying that
"any rumors that the Air Force
doesn't want this ship are abso-
lute nonsense."

He questioned Mayer and War-
ren intensively on data regard-
ing the plane and heard the
favorable report of General
Ramey on his observation of its
tests.

Symington was a visitor in
Fort Worth several years ago
with Rep. Lyndon Johnson, whom
he described as "a great friend
of the Air Force."

The group accompanying Sym-
ington to Fort Worth from Hens-
ley Field included Maj. Gen.
Fritz Borum, commanding the
Oklahoma City Air Materiel Area,
Tinker Field; Brig. Gen. John P.
McConnell, chief of the civilian
composite group of the Air Staff,
and Brig. Gen. Robert L. Gault.

Draft Bill's Fate Still Is Uncertain

WASHINGTON, May 26 (AP).—
The fate of the draft bill was
thrown more than ever into doubt
Wednesday when Senator Langer
of North Dakota announced he
would try to attach a civil rights
program to it.

Langer said his proposed
amendment would, among other
things, bar all forms of racial
discrimination under selective
service.

Senator Wherry of Nebraska,
acting Republican leader of the
Senate, told reporters such a
move would inevitably mean a
filibuster by Southerners.

The defense program faced dif-
ficulties on another front, too.
In the House, about 60 members
want to speak against the House
draft bill even before it clears
the rules committee and reaches
the floor.

Langer said that Congress is
about to adjourn without acting
on any phase of President Tru-
man's civil rights program call-
ing for anti-lynching, anti-poll
tax, anti-Jim Crow and other pro-
visions. Moreover, he said, the
president "has failed to issue an
executive order abolishing Army
Jim Crow."

Consequently, he said in a state-
ment, "I shall introduce an
amendment to bar all forms of
racial segregation under any draft
and I shall fight vigorously for
its adoption."

Rare Stamps, Valued At \$75,000, Stolen

NEW YORK, May 26 (AP).—
Theft of some \$75,000 worth of
rare stamps, said to be the big-
gest stamp theft on record, was
disclosed Wednesday.

The theft was revealed by Er-
vant Kirk, owner of the New York

Senator Wherry of Nebraska, acting Republican leader of the Senate, told reporters such a move would inevitably mean a filibuster by Southerners.

The defense program faced difficulties on another front, too. In the House, about 60 members want to speak against the House draft bill even before it clears the rules committee and reaches the floor.

Langer said that Congress is about to adjourn without acting on any phase of President Truman's civil rights program calling for anti-lynching, anti-poll tax, anti-Jim Crow and other provisions. Moreover, he said, the president "has failed to issue an executive order abolishing Army Jim Crow."

Consequently, he said in a statement, "I shall introduce an amendment to bar all forms of racial segregation under any draft and I shall fight vigorously for its adoption."

Rare Stamps, Valued At \$75,000, Stolen

NEW YORK, May 26 (AP).—Theft of some \$75,000 worth of rare stamps, said to be the biggest stamp theft on record, was disclosed Wednesday.

The theft was revealed by Ervant Kirk, owner of the New York Stamp Company, and police. Safe-crackers entered the company ofices last week-end, it was said.

Woman Is Slain; Sheriff Charged

COOPER, May 26 (AP). — State Highway Patrolman Ross Kemp said that Dorothy Palmer, about 35, of Cooper, was shot to death here Wednesday.

County Attorney Sam Ratliff said a charge of murder was filed in Justice Will Bell's court against Delta County Sheriff Nolan Maynard.

Ratliff said the sheriff had been taken to the Hunt County jail at Greenville. He said the shooting occurred between 1 and 2 p. m. and that no motive had been established.

The county attorney said the charge was filed by District Attorney Eugene Brady of Greenville. Cooper is the county seat of Delta County.

Kemp said the woman was brought to the hospital here and was dead when she arrived. He said she had a bullet wound in the throat.

The patrolman said the sheriff was arrested in his automobile parked along the roadside about three miles from Cooper. Patrolman Kemp's headquarters are in Paris, 25 miles north of Cooper.

Gracie Allen

SAYS:

HOLLYWOOD, May 26.—Well, I see New York City is trying out a mailbox that talks to the people who mail letters. It has a loud-speaker inside, and so far has confined its chats to details of the mail service. But its possibilities are wonderful.

Think what it would mean to a lonely stranger in a city when he could simply go down the street and engage a letter box in conversation, and imagine, pretty soon, when George is late for dinner, he will alibi that he stopped on the corner to pass the time of day with a long-winded mailbox.

Personally, I'd be a little shy about chatting with a mailbox to whom I hadn't been properly introduced unless of course it had an accent like Charles Boyer's. Meantime, I think I'll go on trusting my letters to my own personal talking mailbox, who usually carries them around for weeks in a pocket.

Cottage Presented By Zonta Club

Formal presentation of the proposed Elsie Hogsett Cottage at the YWCA camp near Eagle Mountain Lake was made at a Zonta Club installation dinner at the Worth Hotel Wednesday night.

Alpha Beta Chapter, the local organization of Delta Rho Delta, national sorority, offered \$500 for erection of the cottage, one of seven planned by the Zonta Club. Mrs. Grada Lee Johnson, archon of the chapter, made the presentation. The late Mrs. Elsie Hogsett was a member of the sorority.

Mrs. Mayme B. Autry, re-elected Zonta Club president, and other officers were installed in a candlelight ceremony conducted by Miss Blanche Lotspeich, assisted by Mrs. Louine Barnes. Eight new members were initiated. Mrs. Eloise McDonald Snyder sang.

The club elected Mrs. Autry delegate and Mrs. Grace Cozby alternate to the international Zonta convention at Pasadena, Cal., June 16-19.

PO Needs More Cash

WASHINGTON, May 28 (AP).—President Truman told Congress Wednesday the Post Office Department will need an extra \$158,686,100 in the year starting July 1 because of the increased volume of mail and higher costs of services.

SYMINGTON SEES B-36

Continued from Page 1. ident of the Air Reserve Association.

Symington was presented with a Shady Oak hat by Carter and handed his old brown hat to an aide, saying, "Put that one away—but don't throw it away. I might need it to wear when I go fishing."

Refers to Demonstration.

The first secretary of the nation's independent air arm referred to the B-36 demonstration in his address Wednesday night at a dinner in the Baker Hotel in Dallas, sponsored by the Texas wing of the Air Reserve Association.

The B-36 is one of the two most important developments in the Air Force, he said, the other being a recent supersonic speed flight of the jet propelled XS-1.

"Speed flights like that may prove embarrassing to us because of the difference in time zones," he said laughingly; "when planes begin landing in California considerably before they take off in New York."

He called the B-36 test flight two weeks ago on an 8,000-mile non-stop simulated bomb run with a 10,000 pound load of dummy bombs "a magnificent feat."

"There has been considerable criticism of the B-36, and just why I would like to find out," the air secretary told his audience. "I watched it take off from the Fort Worth field this afternoon quicker than any bomber I ever saw, large or medium, and come to a stop quicker than any bomber I have seen perform, by reversing its propellers."

He said he thought the performance was best summed up by the remark of Amon Carter, who stood beside him during the big ship's demonstration, that "the B-36 is the first thing that's ever been big enough to rate coming from Texas."

Details 70-Group Plans.

Symington devoted much of his address to detailing plans for building up the newly authorized 70-group air force, backed by adequate air reserves and the air national guard.

"The security of the nation depends on an adequate air force and it, in turn, upon the existence of an effective reserve," he declared.

"Together, they will provide against sudden, stunning defeat and also will become the framework or 'seed corn' for the development of that much larger air force which would be essential in time of war."

He recalled the remark of Lt. Gen. Ira Eaker that "a second best air force has the same value as a second best poker hand."

"You can't win a war without air supremacy—but you can lose one without it," he warned. Symington praised the work of Brig. Gen. Robert J. Smith, of Dallas, national president of the Air Reserve Association, disclosing that Smith was offered the post as assistant secretary in his department but declined for private business reasons and Symington added: "If he ever changes his mind, I hope he'll let us know."

Present with him at the dinner were Congressmen Kilday, of San Antonio, Wilson, of Dallas, and Lyle, Corpus Christi.

The air secretary arrived in Texas at 9:30 a. m. Wednesday at Perrin Air Force Base between Sherman and Denison, and was introduced at a brief field reception there by Representative Rayburn, of Bonham, who accompanied him from Washington.

Symington told his audience there that the Perrin Base recently re-opened, will be re-activated next year with 2,500 personnel as a basic training field. His party will continue Thursday to Austin, then to San Antonio where he will address a luncheon, and in the afternoon, to the naval air station at Corpus Christi where he will spend the night. He will stop Friday at Longview en route back to Washington.

Symington was met at Perrin Base by Lt. Gen. John K. Cannon, commanding the Air Training Command, Barksdale Air Force Base, Shreveport, and Maj. Gen. James P. Hodges, commanding the Flying Training Command, Randolph Field; in Fort Worth by Maj. Gen. Robert Ramey, 8th Air Force commander, and in Dallas by Maj. Gen. Fritz Borum, Oklahoma City air materiel area; Brig. Gen. John P. McConnell, chief of the Civilian Component Group, Air Staff, Washington; Brig. Gen. Audrey Moore, Goodfellow Air Force Base, San Angelo, and Brig. Gen. Harry Johnson, commanding the 10th Air Force, San Antonio.

Jacqueline Cochrane, noted woman flier and speed record maker, who commanded the Wasps during the war, was one of the honored guests at the air reserve dinner.

Tired, "All-In"— Listless Feeling Brought To Halt

As Vibrant Energy is Released
To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.
