E. E. Cloer, General Contractors
2825 Crockett
Fort Worth, Texas

Gentlemen:

Your proposal and those of each of the other prospective contractors who submitted proposals for the construction of certain facilities north of our present plant were carefully evaluated upon the basis of the criteria set forth in our letter of 18 October 1951.

Based upon this evaluation, it was determined that the Austin Company had submitted the leading proposal. By letter, dated 10 December 1951, the USAF authorized us to proceed with negotiations with the Austin Company for construction of certain facilities north of our present plant. Pursuant thereto, we have verbally notified the Austin Company of our intention to enter into a CPFF subcontract with it subject to the negotiation and inclusion therein of certain mutually satisfactory terms and conditions.

While we are sorry to inform you that your company was not chosen to perform the work, we desire to express again our sincere appreciation for the time and effort spent in preparing such a fine proposal within the short period of time available for submission. We trust that we may have an opportunity to do business with you in the future.

Yours very truly,

CONSOLIDATED VULTEE AIRCRAFT CORPORATION
