Dear Amon:

Although last minute preparations for my departure on an official trip to Turkey and Greece are crowding my schedule, I have just realized that I have neglected until now thanking you for the February 10th issues of the Fort Worth Star-Telegram. I cannot personally subscribe to all the many complimentary things said about me in the editorial; nevertheless, I am grateful for such a generous expression of confidence and faith in my abilities. One thing is certain - I shall always be proud that I have a friend of the warmth and courage of Amon Carter; for I realize that it takes courage in the South to go full out for any other than an avowed Democrat.

Thank you for sending the paper and, as always, warm personal regard.

Cordially,

Mr. Amon G. Carter
