Dear Amon:

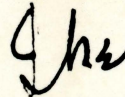

Thanks so much for your letter of January 9th. I am happy to hear you will all be able to attend the Inaugural activities.

I well remember meeting Miss George Ann Brown, and I would appreciate it if you would convey my congratulations to your fine son with the wish that all the good things in life will be theirs to share together.

The little Nebb comic you sent along did give me a laugh. You know humor can sometimes be very illustrative and constructive -- as in this case. Thanks, too, for sending me the pictures.

Mamie joins me in sending warm regard to you and your family.

Sincerely,

Mr. Amon G. Carter
