

THE WHITE HOUSE

WASHINGTON

April 25, 1953

Dear Harold:

Please extend to my good friends of Fort Worth and Dallas my sincere congratulations on the great achievement that is marked by the opening and dedication of Amon Carter Field. Tell them and Amon Carter in particular that I wish I might be with them today to join in their celebration.

It seems to me very fitting that the new field bears the name of Amon Carter, not only because it was his dream that has been realized but because it is a monument to his courage, energy, and faith.

Sincerely,

The Honorable Harold E. Talbott
Secretary of the Air Force
Washington 25, D. C.
