

THE WHITE HOUSE
WASHINGTON

Denver, Colorado
September 11, 1953

Dear Minnie and Amon,

It was so sweet of both of you to think of me by sending the beautiful antherium. They are simply exquisite blooms and The President, Mother and I all are enjoying them to the fullest.

I am happy to report that I am feeling fine now after four weeks of complete rest. When I first arrived here, the altitude (and combination of exhaustion) affected me quite a bit, but now I have recovered my strength and am almost top notch. Johnnie and Barbara's arrival last night made me feel even better - it was so good to see them.

With warm appreciation and affectionate regard to you both, in which the President and Mother join me!

Mamie Eisenhower
