

THE WHITE HOUSE

WASHINGTON

January 12, 1954

Dear Amon:

I am sending a letter to Amon, Jr., to invite him to one of the stag dinners I occasionally give -- this one on March fourth. Only my conviction that you should not travel this far has kept me from inviting you long ago, or to this one along with young Amon. It is far more important that you take care of your health than be fooling around up here in Washington. But I just wanted you to know I was thinking of you.

Incidentally, I am also asking Perry Bass to come along with Amon, Jr.

With warm regard,

As ever,

Mr. Amon Carter
