Dear Amon :

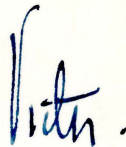

I am just dropping you this note to tell you how very much I enjoyed seeing you, if only fleetingly, the other night.

I also want to take this occasion to express to you my appreciation of all you have tried to do to straighten out the situation with reference to Red, which I do hope works out.

It was awfully good seeing you, and wont you let me know the next time you are coming this way as nothing would give Dorothy and me greater pleasure than to have you dine with us if you could spare the time.

With every good wish, please believe me,  
as ever

Sincerely,

Amon G. Carter, Esq.
