

AMERICAN AIRLINES, INC.

New York

March 8, 1940

To the Directors:

The AMERICAN AVIATION DAILY is a publication which gives current news concerning aviation development in Washington. It is quite popular in the industry, for it affords a method of keeping up to date with things which affect our business in the Capital.

I have taken the liberty of entering a subscription to the AMERICAN AVIATION DAILY for each of the directors and you will soon receive your copy of it.

C. R. Smith
