Dear Sir:

In order to complete Report 10K to the Securities and Exchange Commission for the year 1939, it is necessary that we know the principal amount of American Airlines, Inc. Five Year 4-1/2% Convertible Debentures owned by each of our officers and directors as of December 31, 1939.

Please state the principal amount of such debentures owned by you at December 31, 1939 in the space provided below on this letter, sign, and return to the writer. If no debentures were owned as of December 31, 1939, please so state. You should not report as owned any debentures which were previously owned and which had been converted into stock prior to December 31, 1939.

Your prompt response to this inquiry will be very much appreciated.

Yours very truly,

T. J. Dunzion
Vice President and Treasurer
