Dear Mr. Carter:

We know that it is necessary for you to plan your itinerary many months in advance and, for that reason, may we rush out a super-special personal invitation to you now to be our honored guest at the second annual "Air Day in Texas", October 24-26.

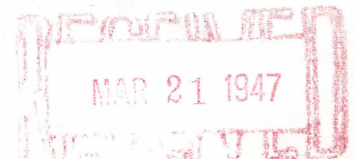

As you know, this is the only state sponsored aviation event in Texas. Last year, we had an estimated 100,000 persons. This year, with most Latin-American nations participating, we should triple that number.

Please put a red circle around these dates so that when the formal invitation comes to you from our governor you will not be pledged elsewhere.

Warmest personal regards.

Cordially,

JVanC:nc
