LAWRENCE D. BELL
PRESIDENT

June 11, 1952

Mr. Amon G. Carter
Publisher
Fort Worth Star-Telegram
Fort Worth, Texas

Dear Mr. Carter:

I cannot begin to thank you enough not only for your participation in the various activities in connection with the opening of our Helicopter Plant at Fort Worth last Friday but also for the staunch support you have given all of us in helping to get this enterprise located in Fort Worth and successfully launched.

Also, I am astonished at the beautiful 10 years of Air Progress in Fort Worth special edition of the Fort Worth Star-Telegram. Your assistance has been, of course, invaluable and we appreciate the opportunity of associating with such a great Texan.

I know you must have been tired by Friday night but hope you had a good trip to New York to meet Mrs. Carter on her return from Europe tomorrow.

On one of your many trips East I hope you can at one time stop and spend a day with me in Buffalo to inspect our facility here and to meet some of my friends.

With kindest regards, many thanks and best wishes, I am

Sincerely yours,

Lawrence D. Bell
