Dear Mr. Carter -

The pearl handled
cigarette-lighter - just is
the most attractive smoking
accessory I ever saw and
I am so thrilled to own
such a glamorous article!
I can practically foresee myself

the secret service if I take
it out to use at some Wash-
ington gathering where the
President is in attendance!
It will be a wonderful "Conver-
sation piece" whenever I use
it as well as a most efficient
lighter. Thank you so very
much. I certainly enjoyed sitting
by Mrs. Carter at the luncheon
last Monday and hope she has
a wonderful trip to Europ.
