August 27

Dear Mr. and Mrs. Carter—

You are so very thoughtful to send me these beautiful flowers while I was in the hospital! Mrs. Carter, I wonder if you told them just what to send?— because it was the most

— huge yellow mums and
tall "bright-orange" red hot
pokers" which gave it a
tropical, modernistic look that
was eye-compelling. I
appreciated them very much
— and, even more, knowing that
you were thinking about me
and wishing me well, I'm up
and out now and will be as strong
as ever quite soon. With warm
thanks — Bird Johnson
