May 7, 1940

Dear Amon:

I have read the editorials in the Fort Worth Star-Telegram with great interest and am more than appreciative of your having sent them to me.

I do not generally write you about the editorials but I think they are really marvelous and I especially enjoyed the evening issue of April 29th containing the Ickes correspondence. I think it was wonderful.

With all my best to you,
I am as ever

Sincerely yours,

Victor
