Form 21

Fort Worth, Texas,  
October 15, 1941

Honorable Harold L. Ickes,  
Petroleum Co-Ordinator for National Defense,  
Washington, D. C.

It is my understanding that a division office for the Southwest is to be opened in Houston. This office will have four managers or directors in charge: one each for Producing, Refining, Marketing and Transportation - all direct Government employes under their respective divisional directors in Washington and acting as liaison between Government and the Industry PERIOD The Marketing Division in Washington in charge of Dr. John W. Frey has on file an application by L. A. Greene of Fort Worth for the position as manager of this division in the Houston office PERIOD Mr. Greene has had twenty years experience in tank car marketing, at one time handling seventeen hundred cars monthly out of Fort Worth, and has had close association with Tanker and Export Markets as well as Retail and Jobber trade through distribution of Texas & Pacific Coal & Oil Company PERIOD In addition, during the N. R. A. period Mr. Greene operated the Tyler office under J. D. Collett, Chairman of the P. A. B. PERIOD This office handled the purchase, allocation, inspection and shipments of hundreds of cars of gasoline from some eighty-five East Texas Refineries to large buyers and majors throughout Texas and the Mid-Continent PERIOD Frankly, I have no personal interest in this matter other than I do feel Mr. Greene is well qualified to fill the position and I take pleasure in recommending him in the highest terms to Dr. Frey through your office PERIOD He is thoroughly qualified, honest, responsible and capable and a better man could not be selected.
