Dear Mr. Carter:

Never in my life have I seen or been on such a party. It was grand, and I want to thank you for an unsurpassed hospitality. We talked about it all through the rest of Mr. Luce's visit in the state. We had heard of Amon Carter parties, and even then were not quite prepared for all we got.

There are few things I have ever possessed in my life of which I am as proud as my "Amon Carter hat." I hope to keep it always.

Many thanks again for everything you did for us; hope I may have the pleasure of seeing you again.

Admiringly,
