Dear Mr. Carter:

At your suggestion the New York Office has given us authority to change or replace the sign over the Ticket Counter at the Ft. Worth Terminal.

We have changed the lighting arrangement and background and think possibly by lowering the sign it could be made more effective. This can be done with very little additional cost.

The next time you happen to be at the Airport, we will appreciate your suggestions as to whether or not you think the above will be satisfactory or if a new sign should be purchased.

Yours very truly,
