100 EAST 42<sup>nd</sup> STREET  
NEW YORK 17, N. Y.

OFFICE OF  
THE PRESIDENT

May 1, 1944

Dear Amon:

Last year we arranged to have some globes prepared for educational purposes, showing locations of cities without the land or sea barriers. There has been some delay in the preparation of these globes but finally we have a supply available and one is being sent to you, together with a measuring tape and explanatory booklet from Rand-McNally and Company. I hope you will find this interesting.

With best regards, I am,

Sincerely yours,

A. N. Kemp
