FORT WORTH STAR-TELEGRAM

Dear Amon:

C. R. and I received the colored slides of the Amon Carter Field and we, in turn, have circulated the views through the various departments and they are unanimous in expressing their appreciation for you and the beauty of the airport.

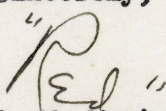

We will keep these slides as one of our most treasured souvenirs, and it will recall the end result after many years of hard work on your part. It is truly a magnificent folio.

Mrs. Deakins tells us that you and the group are with Sid Richardson, and we all hope that the change of climate will continue your improvement and that you will be back on your good feet again before long.

I am just leaving in a helicopter with Raymond Buck and Maury Huffman, and we will take them from LaGuardia to Idlewild and on to Newark. I am sure that they will see nothing in New York to compare with Amon Carter Field, but nevertheless maybe we will show them something in the lower end of Manhattan that they have not seen before.

Best of luck to you, my good friend, and thanks again for your generosity.

Sincerely,

O. M. Mosier

OMM-tr
