THE NATIONAL AIR COUNCIL

280 MADISON AVENUE, NEW YORK 16, N. Y.

MURRAY HILL 6-3950

March 4, 1949

Mr. Amon G. Carter, President  
Carter Publications, Inc.  
400 West Seventh Street  
Fort Worth, Texas

Dear Mr. Carter:

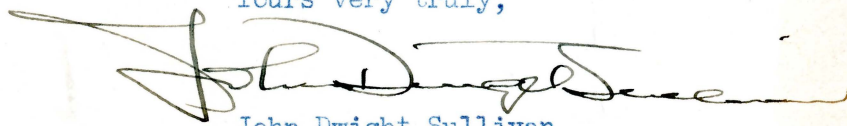

We have had several suggestions, principally from members of the Board of Governors and Board of Managers of the Council whose homes and businesses are distant from New York, that we ought to have two meetings a year, one in the Spring and one in the Fall, for which we should make a special effort to get as large an attendance as possible in order to review the activities of the Council over the preceding year and to discuss future policies and programs. It has also been suggested that we ought to invite representatives of "Company Members" to those meetings.

We believe that such a meeting would serve a useful purpose and would at the same time afford an opportunity to the members of the Board to become better acquainted with each other. In considering a convenient date and form of such meeting, the consensus is for a dinner meeting on Tuesday, May 24th next, in the city of New York. It would follow immediately the meeting of the Aircraft Industries Association which will be held in Williamsburg, Virginia and which terminates on the preceding Monday, May 23rd.

Before arranging such a meeting we would like to know if you could and would attend so that we may have some gauge as to the number of members we might expect.

We shall appreciate hearing from you at your early convenience and we should like also to have any suggestions from you as to the nature and substance of the business to be discussed at the meeting.

Yours very truly,

John Dwight Sullivan  
Executive Vice President

JDS:h

W. B. - This follows in part  
the suggestions of Messrs. Ed  
Boots and Dr. Ester. - J.D.S.
