

DEPARTMENT OF THE AIR FORCE  
WASHINGTON

OFFICE OF THE SECRETARY

April 8, 1949

Mr. Amon G. Carter, President  
Carter Publications, Inc.  
400 West 7th Street  
Fort Worth, Texas

Dear Amon:

Mr. Sullivan, the Executive Vice President of the National Air Council, called last February re present and future plans and policies of the Council.

As a result of our discussion we suggested to him that we appear before the Board of Directors of the National Air Council at earliest opportunity.

Mr. Sullivan said it would be difficult to get the Board together until the last of May, and we said we would be glad to wait until that time, inasmuch as it was felt it would be advisable to talk to your full Board.

Mr. Sullivan now says this meeting will be on May 24 in New York. In his letter of April 5, copy attached, he adds that as soon as the time and place of meeting have been decided, he will let us know.

It would be very much appreciated by all of us in the Air Force if you would arrange your plans so as to be present at this meeting of the National Air Council Directors.

Sincerely yours,

W. Stuart Symington

Attach.
