

15 September 1945

Dear Mr. Carter:

Many thanks for your letter of September 7 together with the copy of your congratulatory telegram which I am sorry the cable company would not accept. I deeply appreciate your kind words and accept them on behalf of the more than a million officers and men of various services under my command who worked together as a team in our march across the Pacific. Without their untiring efforts, devotion to duty, and innumerable sacrifices, our victory could not have been achieved.

As I am about to transfer my Advance Headquarters back to the regular Headquarters at Pearl Harbor from which place I can better direct the return of our servicemen from the Pacific to the United States, I can't tell you yet when I will be able to take advantage of my membership at the Fort Worth club. You may rest assured, however, that I want to see my native State and Texas friends before long.

With kindest regards and best wishes.

Sincerely yours,

C. W. NIMITZ
Fleet Admiral, USN

Mr. Amon G. Carter, President,
Fort Worth Star-Telegram,
Fort Worth, Texas.
