

from **AMERICAN AIRLINES**

FOR RELEASE Immediate

Contrary to some reports, space to Europe is available in American Overseas Airlines Flagships this spring and summer, according to R.E.S. Deichler, the company's vice president-sales.

He said there is evidence that many prospective overseas travelers have dropped their plans to make Holy Year pilgrimages because of publicity given mass movements to Rome. Not only are seats available in the line's Stratocruisers, but living accommodations in Rome and other shrine cities can still be reserved in advance.
