Dear Amon:-

Your special message through the Western Union from Mexico City came in Saturday. It made me very envious because I am certain that you and Swasey got the best of it by coming up the West Coast.

However, I found enough troubles waiting around the office to give me the cold consolation that it was a good thing I came back when I did.

We had a very quiet trip up. We didn't catch up much on sleep, but the absence of formal festivities gave us a chance to have a more restful run.

With kindest regards,

Sincerely yours,

Amon G. Carter, Esq.,
