

# FORT WORTH STAR-TELEGRAM

MORNING

EVENING

SUNDAY

AMON G. CARTER, PRESIDENT

FORT WORTH, TEXAS

July 18, 1936.

Mr. Spencer D. Hopkins,  
Assistant Director,  
General Motors Sales Section,  
General Motors Corp.,  
Detroit, Mich.

Dear Mr. Hopkins:

The attorneys have finally got the contract drawn up, which I am sure will be satisfactory for both sides. It has been signed by John B. Davis, General Manager, and as a matter of precaution to technically and legally carry out the agreement, we have had William Monnig, the president, also sign it and the contract in triplicate has been turned over to Mr. Pearson to be sent to you airmail-special delivery. If you will have Mr. Grant, or whoever is necessary, sign it for General Motors and return copy for our file it will complete the transaction.

Please permit me to express to you my thanks for your patience and co-operation in working this matter out. I am glad we were finally able to get you on the train, even though they did hold it five minutes. I shall write Mr. Grant direct, expressing my thanks and appreciation to him for his timely assistance just as soon as I can have an extra minute for a breathing spell.

This is the opening day and you can imagine that we all have "ants in our pants". The dress rehearsal last night was pronounced by 700 or 800 newspaper men as an outstanding success. Harry Richmond from New York, the night club fame, stated emphatically he had never witnessed anything to equal the show in his life. Incidentally, the dress rehearsal last night ran through smoothly and was so far ahead of the rehearsal you saw it would be hard to conceive they could whip it in shape so completely.

If you can submit the \$25,000 check to me by airmail-special delivery as early as possible it shall be very much appreciated. You can make the check to W. L. Pier, Treasurer, Texas Centennial Livestock and Frontier Days Exposition, although I would appreciate your mailing it direct to me.

With all good wishes, I am,

Sincerely,

AGC.KD
