July 29, 1936

Texas Centennial Livestock and
Frontier Days Exposition,
% Mr. Amon G. Carter
Fort Worth Star Telegram
Fort Worth, Texas

Dear Mr. Carter:

Enclosed you will find signed copy of the agreement dated
July 18 covering the amplification of programs at the Fort
Worth Frontier Exposition.

You will remember that Dr. McBride asked me to speak to
Mr. Kettering about the possibility of obtaining one of
his fever machines. I mentioned this to Mr. Kettering and
he asked me to write him a memorandum on it, which I will do.
I would appreciate receiving from you the names of the aviation
companies and other organizations that Dr. McBride is connected
with so that I can include them in my letter to Mr. Kettering.

With best personal regards

Yours very truly,

S. D. Hopkins
Assistant Director
