

MRS. JNO. N. GARNER

UVALDE, TEXAS

March 22<sup>nd</sup> '42,

Dear Mr. Carter:-

Mr. Garner has been laid up since before your letter came - cold settled in his back - and I have been nurse & a little of everything else - he is still in bed. Among Mrs's photographs came yesterday, & was surely something nice to look at, & helps to divert his mind. You are not at all proud of him - are you? God bless him & other boys like him. I'm knowing some ~~who~~ are doing all they can to keep out of the service. Thank you more than words can express for giving us this picture - it makes us know him better, and again I say God bless him -  
Our best love  
your friend  
Etta Garner
