Dear Amon =

An Russell and wife
(they appeared to be fine upstanding folks)
also the packages were by two lost
Saturday. I was glad ^{to} meet them since
they brought Mr ^{best} ~~the~~ Mac present
I ever received. May the good Lord

bless you and yours forever.
The doctor told me you was working
yourself to an early ^{passage} to kingdom
come. Why not take easy? Try it
for 51 and see how nice it will be -
I love you and don't want you to
"kick the bucket" soon, especially not
before I do. What would I do without
Amon Carter & Mac present.

I am in good health and enjoying
life. I wish you and yours the same.

Always your friend
Jno N Garner
