Dear Amon = I "lit" one of  
these good jumbo cigars last  
night after supper and smoked  
it (without fire going out) for over  
hour and two or three minutes. It flavor  
is good. How can you beat that  
for a good cigar, I love  
you as much as ever and that is  
a whole lot. I am still in  
good health and able to strike a  
blow for liberty rock afternoon  
about 5 o'clock. I wish you  
the same,  
As ever  
Your friend
