Mr. Amon Carter
Amon Carter Ranch
Fort Worth, Texas

Dear Mr. Carter:

Typical of all editors I must ask to be excused from not writing sooner because of the press of getting a couple of issues to the printer.

However I do want to thank you and your son for the wonderful time you gave us members of the Aviation Writers Association on our visit to your fair city. Speaking as a newly made Citizen of Fort Worth - I thought everything was terrific. As for the hat it goes without saying that I am the envy of all Californians.

If there is anything that I could possibly do for you in this part of the country I hope you will feel free to drop me a note and just ask. Perhaps your son might have need of some news item or photo which I can obtain. Again thanks from the bottom of my heart...it was really good of you.

Cordially,

A handwritten signature in dark ink that reads "David Mosbacher".
